Chapter 1

P.u.p.p.y PUPPIES!

On one Christmas Eve I got an early present. It was wrapped with red and has bell drawings on them. "I wonder who might give this to me?" I asked my self. Then I, Megan Iokswoord saw a piece of paper, it was colored in red and has a photo on it. It was GRANDMA! "Mom Grandma Louise gave me a present!" I said. "Wow I didn't now grandma set up a surprise for you! Lucky you!" mom said. When I opened it 7 puppies jumped onto my lap." Look they have names! This is Sally, Fizzy, Toni, Boi, Fensia, Chacha and Daisy! What cute names! Look one more! His name is Fuji and there is something attached to him it said: *keep an eye on Fuji he can be naughty!* Wow cool!" So I took the 7 puppies to the kitchen and gave them food. I gave 6 to my friend. Fizzy is for Amber, Toni is for Angle, Boi is for Adie, Sally is for Amy, Chacha is for Tom, Daisy is for Tammy, Fuji is for Todd. So I got Fensia.

Chapter 2

Mum!

My friends were happy but soon Amy's pup Sally ran away from home my other friends tried to stop her but we can't. So I went to mum and said, "Mum I'm going for a walk outside!" I shouted. Then I went down and said "Mum where is my jacket?" I asked. "In your special cubby!" she answered. So I went outside with my friends. It was chilly outside even my thick jacket can't hold the cold! I shivered with my friends. Suddenly we were LOST!

I told my friends to stay together. But we can't stand the wind and the snow got harder and we got separated from each other. "Amy, Tom, Todd, Amber, Angel, Adie, Tammy!" I shouted. But I only got Adie. "GUYS?!" But still no answer. On the way home I saw Amber, she was tied up to a tree. "Help!" she said "I'm stuck!" Amber said. All of a sudden I felt dizzy. All of a sudden Amber was beside me. "How did you get here?" I said in surprised. "Adie saved me." She said. So I went to see the others. "I think I saw Todd near a tree sobbing." Amber said. I found him near a big old tree and saw Todd sobbing. I said "What's wrong Todd?" I asked. "I... h...Hurt m...My knee...." He sobbed. "Let me help you." I said kindly. So Amber and I got him on his legs and helped him up. "Thanks" he said. "Your welcome we said.

Chapter 3

YIEKS!

We spent all night trying to find Tom, Amy, Tammy and Angel.

"I'm sleepy." Amber wailed.

"Me too!" Adie said.

"Me three!" Todd added.

"Yeah I'm sleepy too!" I yawned.

"Let's sleep under that tree or in that cave?"

"IN THE CAVE!!!" every one screamed. In side there were ants, snakes and YIEKS! Animal poo?!

"Aaaaaaaaaaaaaa!!!" Everyone screamed.

"P.U.!" Adie screamed

"Yuck!" Amber added.

"EEEEEWWWW!" I said.

"COOL!" Todd said.

"COOL?!" we said in shock.

"It is G.R.O.U.S.E!" we screamed.

"Phew I brought sleeping bags." I said.

Chapter 4

Another busy day!

"Morning everyone!" I said. It was amazing the snow had stopped. We all got dressed really fast and searched again and again and again. Then I found Amy sitting with Tammy crying together.

"Amy what's the matter?" I said.

"I got two splinters one on my paw and the other near my feet!" she said.

"What happened to you Tam?" I asked

"I fell from a Cliff and I hurt my ankle, Amy was about to save me but when she wanted to get me up she stepped on two splinters so she let me go and I fell." Tammy said sobbing.

"I brought the FIRST AID!" I said.

"I'll take out the splinters." Amber said

"And I will fix your ankle." Adie said. Todd rested under a tree, he was tired. Soon we also went under the tree and slept. At night I heard voices. I was very scared. But I just keep sleeping. In the morning I saw Tom near the cave. He was near Angel sobbing.

"What happened here?" I asked.

"Angel tripped and fell from a tall tree when we were chased by wolves and she slipped of a tall Cliff but I caught her." he said in a quick way. I told my friends to wake up.

"WHAT?" Amber wailed

"Angel needs to go to the hospital!" I said.

"Ok!" everyone said.

Chapter 5

Driving home!

As I drove pass the forest I found Sally running at the back. So I stopped and told Amy to take her and put her in the car.

"WOOF! She said.

"WOOF!" To you to Sally! Amy said in Joyfulness. We were in front of the city when Miss Tessa and Mr. David, Angels mum and dad stopped us from driving.

"Oh Miss and Mr. Lane!" I said in surprise.

"Where is Angel?!" Mr. David said in a mad voice.

"She is at the back, she was very hurt and we wanted to take her to the hospital." I said in a brave and scared voice. So I drived to the hospital.

"Angel wake up!" Amber said.

"Where am I?" Angel asked.

"Dude don't you remember?" Todd said

"Remember what?" Angel asked in confused.

"*Oh yeah! She doesn't now anything yet!*" He said whispering.

"I heard that Todd!" Angel said in a mad voice.

"Angel will be alright!" said Doc. Handbill. So we went to school leaving Angel on the hospital bed seeing us play. Many days past, soon Angel was better. She moved with a wheelchair.

Chapter 6

Another day yet another adventure!

Today was a fun day. What adventure will tomorrow bring?

Dear diary.... Today I Megan went on a puppy hunt. I went to the forest with my friends. Many of them were hurt but not me. I was happy that we could find a way out and found Sally the puppy.

Sneek peek of the next story!

The greatest day of my life turned into the worst day of my life!

I woke up at 4:00. I went down to eat breakfast.

"Wow! This bacon and scrambled egg is fantastic!" I said.

"Well my cooking's are delicious." mum said. After that I went on my bike and rode to school. I played with my friends and after school I went to the Café` with Amy and Amber. All of this were great until... all became worse I got an **F** and I got two detention in 1 day at home, at school, at my lesson! It was very annoying. I got very mad and stubborn so I locked my self in my room and never came out for 7 days. I always ate pizza and hamburger and sandwich and salad. It was Monday again my mom was even worried about me. I shouted...

"NO! NEVER! I WILL NEVER COME OUT UNTILL EVERY ONE APOLEGISE TO ME!"

"But darling..." Before she could finish her sentence I slammed the door as loud as I can.

"**BANG!**"

"Megan tell me what's going on!" she said

"NEVER!!!" I shouted. I went to the balcony to take a deep long breath. The wind brushed against my hair, my beautiful black hair waved like the sea. I sighed

"Huh! I wish there was an adventure to do.

"Aaaaaa!" My friend Todd next door screamed. Wow I didn't now that boys could scream like a girl but even louder! Even or maybe the whole neighborhood could hear it! So I went to his house to check what's going on. When I got there I saw him near his dog's bed.

"What's wrong?" I asked

"Fuji ran from home and we couldn't find him!" He sobbed. "Wow! Another mystery!" I thought "So it means another adventure! I said I called my other friends to come.

"Wow another adventure?!" They said in surprise.

"Yeah!" We said all together. We went to the mountains and stayed together I started to count if there's anyone missing.

"1, 2, 3, 4, 5, 6." "Huh? Only one is missing!" "But who was it?"

"Todd is missing Angel said.

"Oh yeah Oh yeah..." the crowd behind said. Where could Todd be?
